# WHO WE ARE

In 2017, we founded Phoenix Fabtech Infra with the goal of offering distinctive steel structures that are easily movable and quicker to construct than traditional and PEB buildings.

We may provide a comprehensive in-house solution that can include design, structural drawings, construction, all fabrication and pipe line work, depending on the needs of the client.

We operate in accordance with the most recent health and safety regulations

We have several years of expertise in our field and have successfully finished contracts on schedule in the manufacturing, automotive, steel structural, infrastructure development, residential commercial, and construction industries.

# WHAT WE DO

In addition to engineering conventional and PEB buildings, Phoenix Fabtech Infra also specialises in all forms of structural fabrication, MS and SS fabrication, DI, GI, and MS pipe line work, industrial construction, infrastructure development, and residential and commercial development.

The Company specializes in designing and building contemporary structures

Estimating, Construction, Fabrication and Detailing

# VISION

To be the most dependable and creative manufacturer, provider of infrastructure development, and supplier of residential commercial fabrication steel development services and solutions for building structures in the world.

# MISSION

To provide high-quality steel products, related services, and solutions at market competitive costs. We look forward to continuing to strive for higher levels of workplace safety, occupational health, and environmental protection.

# OUR SERVICES

- PEB Structural Sheds
- Warehouse Sheds
- Heavy Structural Fabrication
- Industrial Shed Fabrication
- Sheet Metal Fabrication
- Staircase and Balcony Railing
- Deck Sheet Fabrication
- All Type Fencing
- Metal Bridge Fabrication
- Mezzanine Flooring

# PEB STRUCTURAL SHEDS

## Features

- Eco-Friendly
- Weather proof
- Easily Assembled
- Robust Construction
- Corrosion Resistance Finish

## Product Details

- Material : Steel
- Use : House
- Size : As per requirement

## WAREHOUSE SHEDS

### Feature

- Eco-Friendly
- Cost Effective
- Easy to Assemble
- Durable with lifelong warranty
- Teams of expert for fitting these sheds

### Product Details

- Material: steel
- Use: storage
- Built Type: Modular
- Size : As Required

## INDUSTRIAL SHED FABRICATION.

### Features

- Cost Effective
- Can be Customized
- Systematic and Timely Execution

### Product Details

- Work Location : All India
- Size : As Required

## Mezzanine Flooring. ( Design-Fabrication-Costing)

## Terrace garden structure.

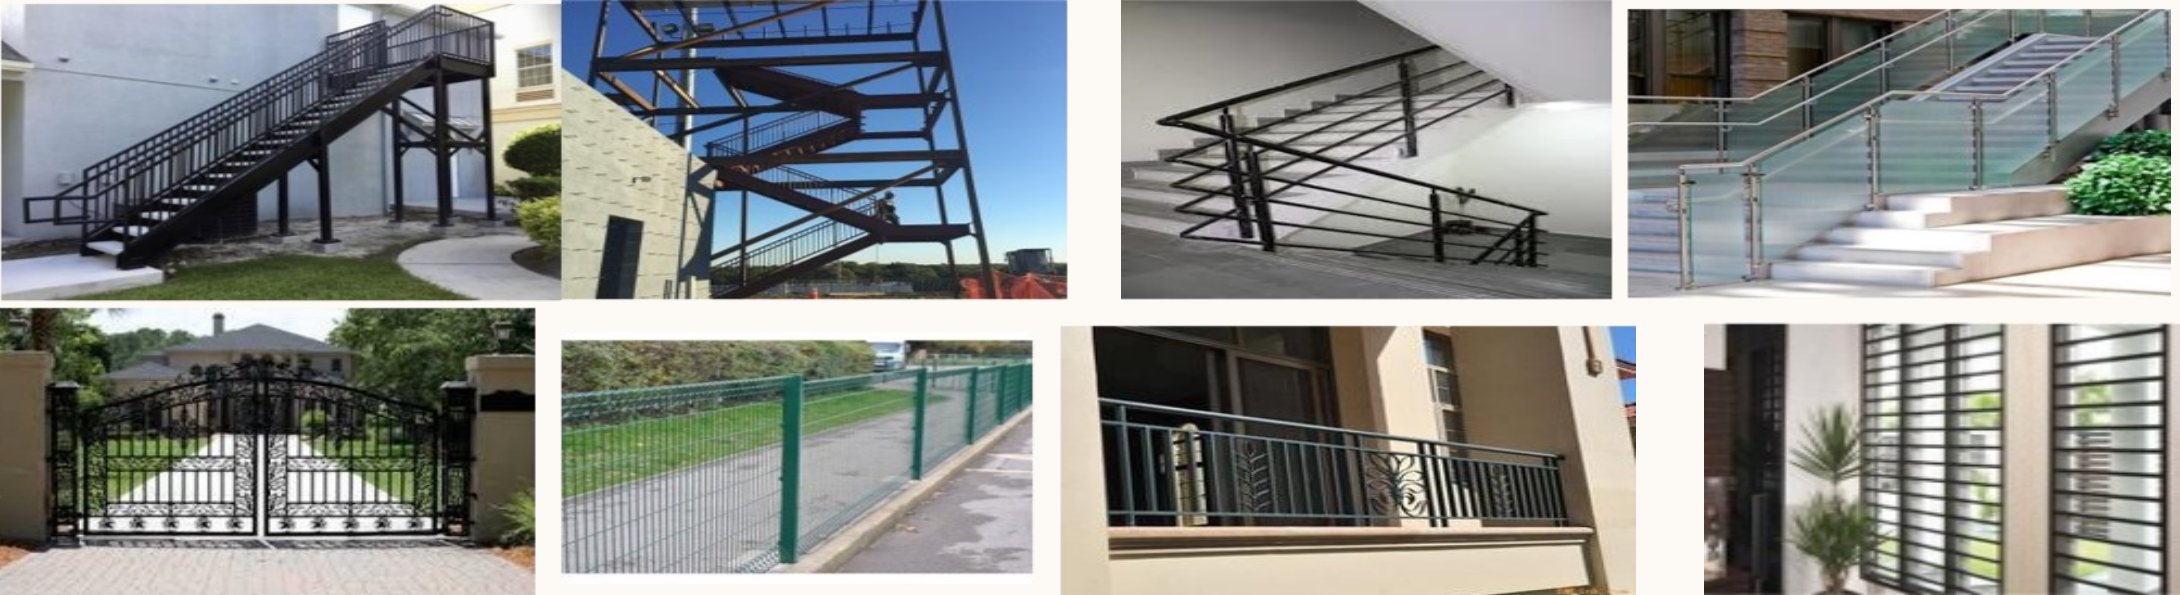

## **Dam Doors & Metal Bridge Structure.**

## **For Residential, Commercial & Industrial**
